

**40th
Anniversary!**

Melmart  Distributors Inc.

As we approach our 40th year in business, we take time to reflect on the great customer relationships that have made us successful over the years, supplier partners who nurture our growth, as well as our past leaders on whose shoulders we are privileged to stand.

We have been blessed with strong, dedicated leaders since the company's founding by **Mel Martin** in 1969. Following Mel's passing in 1979, the business was guided by men like **Bill McAllister** and **Malcolm Fraser**. Gentlemen with a true 'grass roots' feel for the industry and a commitment to integrity and excellence.

In addition, we are grateful to our whole group of supplier partners old and new who have both supported and sharpened us over the years.

Today our company continues to change and grow with the addition of new lines, new customers, and new geography along with the recent acquisition of Armak. Under the leadership of **Dean Martin** and **Grant Heggie**, our whole team remains committed to these same timeless values. Values that like a lighthouse, through both calm and turbulent times, provide a "lamp to our feet."

- ▶ **Do The Right Thing**
- ▶ **Always Strive for Excellence**
- ▶ **Make Their Day**
- ▶ **Have Fun**
- ▶ **Love What You Do**
- ▶ **People Matter Most**

And so to our loyal customers we simply say a huge THANKS for your support. It is an honour to serve you. To those of you who have not yet done business with us, we look forward to meeting and serving you. We are excited about growing together for another forty years.

Grant Heggie
President & CEO

Our family serving your family for 40 years
